

Dear Reserve Township Resident,

We are pleased to inform you that County Hauling, a Noble Environmental company, was awarded a new contract for residential trash and recycling collection in Reserve Township beginning July 1st, 2023. We look forward to continuing to provide Reserve Township with a safe and efficient collection program! Our contract is similar to our previous contract with a few changes. With our new contract residents will have the ability to schedule free electronic waste pickups at <https://www.countyhauling.com/e-waste-recycling/>. Additionally, each weekly trash collection will now be limited to a maximum of ten (10) bags per week. The new quarterly fee will be \$78.75 per quarter for the first year of the contract beginning on July 1, 2023. All other aspects of the contract will remain the same as our previous contract.

Visit www.nobleenviro.com/NewCustomerPage and select "Pay Your Bill" to access the payment portal OR using your iPhone/Android device, scan the QR Code below to go directly to our payment portal. Once registered, you can sign up for convenient automatic payments to be withdrawn from your payment method of choice. Automatic payments are an excellent option for those concerned with the security of their information in regards to mailing checks and the costs associated with doing so.

A 2% discount will be provided to all residents that choose to pay all fees on an annual basis!

The following guidelines apply to all residential trash and recycling collection in the Township:

- Trash and recycling must be out the night before your collection day, or prior to 6 AM on the day of collection.
- Your first recycling pickup will be on July 13th and will be collected **every other week** moving forward.
- All trash and recycling containers, as well as bulk items, must be within five feet of the curb (or five feet from the edge of a traveled road) and placed so as not to interfere with the collection of other items, block the right of way or obstruct traffic. Items not visible or otherwise obstructed from view will not be collected.

- A maximum of one bulk item will be collected each week. Bulk items are defined as large household appliances such as stoves, refrigerators (tagged freon-free), washing machines, furniture and furnishings, and plumbing fixtures. It shall not mean construction debris, dead animals, hazardous waste or unstable matter with weights and volumes greater than those allowed for containers.
- E-Waste will be collected on an “on-call” basis. Residents must register at www.countyhauling.com or contact info@countyhauling.com or call 724-929-7694 to register.
- All trash **MUST be bagged** before being placed in the trash can. Loose trash is a potential health hazard for our employees, is more difficult to collect and is a major factor in municipal litter.
- Please **do not bag your recycling**, it should be placed in the container loose. If you are placing loose cardboard out for recycling, please flatten all boxes and stack them neatly next to your recycling can.
- See attached calendar for the Holiday collection schedule. If a holiday falls on a weekday, collection is pushed back one day for all days that follow.

Please call or email us with any questions, and we look forward to serving your community!

Sincerely,

County Hauling Management

If you have any questions about the list of recyclable and non-recyclable materials below, please call Customer Service.

Types 3-7 Plastics are no longer recyclable. There is no market for this material, so if it ends up in the recycling, it will be trucked to the recycling plant, then sorted and trucked to the landfill. The best way to reduce the carbon footprint of each item is to follow these guidelines closely and be sure to reach out to our Customer Service if you have any questions!

The two types of plastic that are still recyclable are **Types 1 & 2**, which are among the most common. Examples of Type 1 include soda, water, salad dressing and cooking oil bottles (either bottles you drink from, or that hold consumables). Some examples of Type 2 include milk and juice jugs, shampoo, conditioner or bodywash bottles and laundry detergents containers. Neither of these lists are comprehensive, so be sure to check each container for the recycling logo and the codes PET or PETE for Type 1 and PEHD or HDPE for Type 2. If the container has any of these codes, it is recyclable. If it does not, then it is not recyclable.

RECYCLABLE MATERIALS

- Aluminum Cans
- Corrugated Cardboard
- Newsprint and Inserts
- Office Paper
- Type 1 & 2 Plastics
- Steel Cans
- Glass bottles and jars
- Phone Books
- Paperback Books
- Junk Mail and Envelopes
- Pizza box lids – If not tainted by food
- Boxboard: such as tissue, dry food boxes, cereal, noodles and cake boxes

TRASH

Put all Non-Recyclable material in the trash.

NON-RECYCLABLE

- **Types 3-7 Plastic**
- Garbage, food waste, diapers, paper plates, hangers, old plastic toys
- Meat or dairy plastic or paper packaging
- Wax or plastic wrap or bags
- Freezer food packaging
- Plastic deli, product or take-out packaging or utensils
- Plastic bags or wrapping film
- Formed or pellet Styrofoam packaging
